Dear Delta Chamber of Commerce,

I wanted to personally thank you for your very generous donation of \$8,515.00 from the hats off Gala. As the main social services agency in Delta, it is Deltassist's mandate to respond to community need. I also apologize for the delay of this letter. The services needed to respond to community need in Delta often do not have secure funding attached. This is why your donation makes such a difference. By giving to Deltassist you are helping to provide services to those who are struggling and would not be helped without your assistance. A few of these unfunded programs are; our Seniors Counselling program, that offers short term free counselling to seniors for a variety of non-medical issues on an outreach basis, our Bread Gleaning program that distributes free bread from MonteCristo Bakery around the community of Delta in libraries, seniors centres, and government offices etc., to those struggling with food security, and our Community Garden in the North Delta Deltassist parking lot where we are growing food to distribute to the community to help with the high cost of having healthy foods such as fresh vegetables to those on low/fixed incomes.

Thank you so much for trusting Deltassist to use your donation to assist in our community's health and support our citizens. Your community spirit means the world to the people we serve.

Thank you so much!

Sincerely,

Julie Chadwick, M.Sc., R.C.C.
Executive Director
Deltassist Family and Community Services Society
